

OOKINI
おおきに!

We want to create a city where everyone says
“Ookini (thank you!)” to one another.

Ookini! This is Uematsu of Ookini Shouten.

We are working hard to provide services that make people smile, with a focus on Osaka. We want to make Osaka a city where everyone says “Ookini” to one another.

We believe that if we can create deep connections between people in this city, it will lead to an increase in the value and appeal of not only Osaka but also the entire Kansai region.

That way, the number of people who want to visit and live in the Kansai region will grow, making for an even more vibrant city. We aim to contribute to this idea.

We at Ookini Shouten wish to begin by offering our own “Ookini!” to all of our customers.
